Re: North San Joaquin Water Conservation District Response to
2011-2012 Grand Jury Final Report Case No. 0511 and
2012-2013 Follow-up Investigation

Dear Judge Warner:

Pursuant to California Penal Code Section 933(c), this letter constitutes the North San Joaquin Water Conservation District's response to the finding and recommendations of the 2011-2012 San Joaquin County Civil Grand Jury Final Report. The District's Board of Director took this action at its regular meeting held on July 29, 2013.

The District agrees with the Grand Jury's findings that no further action is required on the part of the District, except for the 2012-2013 Grand Jury Recommendation R2 that the District provide documentation of completion from all Board members for Ethics training by September 30, 2013, and the District agrees with that recommendation. As reported in my letter dated June 7, 2013, to Ms. Trisa Martinez, all Board members, except Director Beck, have completed and provided documentation of the required Ethics training and that Director Beck had completed a portion of his training. We are awaiting Director Beck's documentation that he has completed the full two hours of Ethics training and will submit it to the Grand Jury when received.

Very truly yours,

Roger K. Masuda
