**SUPERIOR COURT OF CALIFORNIA
COUNTY OF SAN JOAQUIN UNIFORM BAIL SCHEDULE**

Effective February 1, 2021

GENERAL INFORMATION AND INSTRUCTIONS

The Judges of the San Joaquin County Superior Court have adopted this Uniform Bail Schedule pursuant to California Penal Code section 1269b and the Local Rules of the Superior Court of California, for the County of San Joaquin, Rule 2-113. This schedule shall be effective as of **February 1, 2021, at 12:00 a.m.**, shall supersede all prior versions, and shall remain in effect until amended by the Judges of the San Joaquin County Superior Court or by operation of law.

PURPOSE OF BAIL SCHEDULE

The purpose of this schedule is to provide the bases for:

1. Custodial facilities/personnel to fix the amount of bail that a person arrested without a warrant may post to gain release from custody prior to appearing in court;
2. Magistrates to set presumptive bail when issuing arrest warrants pursuant to California law, including, but not limited to, Penal Code sections 815 *et seq.* and 1269 *et seq.*
3. Judicial officers to set presumptive bail prior to a bail hearing.
4. Attorneys, when advising their clients, and members of the general public to estimate the approximate amount of bail that may be imposed based on the offense(s) charged.

SETTING OF BAIL

Prior to an appearance before a magistrate or first appearance in court, bail for bailable offenses shall be fixed in the amount set forth in the arrest warrant. If no arrest warrant has been issued, the San Joaquin County Sheriff or other authorized custodial authority shall set bail in accordance with this bail schedule.

At the first appearance before a magistrate or in court, bail shall be set in an amount within the sound discretion of the magistrate or judicial officer. Public safety shall be the primary consideration in setting bail. The magistrate or judicial officer may set bail in an amount less than or greater than the amount set forth in this schedule after taking into consideration the specific facts and circumstances of the case and other considerations as authorized by law, including, but not limited to those addressed by Penal Code sections 1269 to 1275.1, California Constitution, Article 1, sections 12 and 28(f)(3), and any other applicable provisions, statutes, and case law. The basis for any deviation from the bail schedule shall be stated on the record.

ASSESSMENT OF BAIL IN FELONY CASES

Bail shall be separately determined and established in each case. The Bail Schedule contemplates the following practices where more than one offense is charged:

1. When a defendant is booked on two or more charges arising from the same course of conduct and Penal Code section 654 would prevent multiple punishments, the bail shall be the amount listed in the schedule for the charge having the highest bail.
2. When a defendant is booked on two more charges arising from a single course of conduct that permits multiple punishments and Penal Code section 654 does not apply, bail shall be stacked, i.e., the full amount of the bail for each offense shall be added together to determine the total bail amount. The magistrate or judicial officer may exercise sound discretion in setting the bail at an amount lesser or greater than the amount listed in the bail schedule, taking into consideration the facts and circumstances of the particular case and by stating the factors considered on the record.
3. Where an enhancement or multiple enhancements have been alleged for an offense or multiple offenses, the listed bail amounts for each enhancement shall be stacked or not stacked based on the specific facts and within the sound discretion of the magistrate or judicial officer.
4. Pursuant to Penal Code section 1275.1, a hold may be placed on an arrestee's/defendant's release from custody when a declaration, under penalty of perjury, has been made by a prosecutor or peace officer which establishes probable cause to believe that the source of any consideration, pledge, security, deposit or indemnification paid, given, or promised for the execution of bail was feloniously obtained or if the magistrate or judicial officer has probable cause to believe the source of any such consideration, pledge, security, deposit, or indemnification paid, given, made or promised was feloniously obtained.

PRESUMPTIVE FELONY BAIL

Bail shall be set as specified in this schedule for the offenses listed below. For offenses not specifically listed, bail shall be set based on the maximum term for the offense, using the "Felony Catchall" provisions, below. Additional sums shall be added for strike offenses, prior convictions, enhancements, and/or special allegations as designated below, or, if not specifically designated below, bail shall be set based on the total of the base term to be imposed, plus the corresponding additional term added. For offenses where bail is designated as "**NO BAIL**," the arrestee/defendant shall be held in custody without bail until bail is set within the sound discretion of the magistrate or judicial officer at the first appearance before the magistrate, judicial officer, in court, or at a bail hearing.

ASSESSMENT OF BAIL IN MISDEMEANOR CASES

An arrestee/defendant charged with misdemeanor offenses only is entitled to release on his/her own recognizance, unless his/her release would compromise public safety, would not reasonably ensure the arrestee's/defendant's appearance for future court dates, or is otherwise prohibited by law. For bailable offenses where a determination has been made that neither an arrestee's/defendant's own recognizance release nor any non-monetary conditions imposed on his/her own-recognizance release, including, but not limited to release under the supervision of Pretrial Services, would be sufficient to protect the public safety or ensure the arrestee's/defendant's appearance in court, the arrestee/defendant is not eligible for release on his/her own recognizance. In such cases, he/she may be admitted to bail in accordance with the "Misdemeanors" portion of this schedule. If multiple misdemeanor offenses are charged, bail shall not be stacked if the provisions of Penal Code section 654 would apply.

INFRACTIONS

Penal Code section 1269b(c) requires that county-wide bail schedules address infractions as well as misdemeanor and felony offenses. As used in this schedule, "bail" only applies to offenses for which a person can be subject to being held in custody. Infractions require no confinement. Consequently, refer to the "bail schedule" adopted by the Judicial Council and State law to determine the "bail" imposed for infraction offenses.

EDITORIAL NOTES

- This bail schedule integrates the bail amounts for substantive offenses and the additional bail amounts imposed for enhancements, special allegations, and prior convictions by listing the applicable code sections in numerical order.
- Where code sections are listed without subsections, the listed bail amount applies to all chargeable subsections.
