

FIRST IMPRESSIONS

Bringing the Courtroom
to the Classroom

The First Impressions Civics Education Program introduces San Joaquin County fifth-graders to the legal profession while teaching them about the three branches of government, the importance of the separation of powers, important Constitutional rights, and the role of judicial independence to fair and impartial courts. The program, which has been offered to students since 2000 through the Superior Court of California, County of San Joaquin's Judge Barbara Kronlund and team, and the San Joaquin County Bar Association, culminates with a mock trial where students role-play the judge, attorneys, witnesses, jury, court clerk, and bailiff.

Due to the pandemic, rules for courthouse and classroom visitors have changed, which prohibits this beneficial program from being offered in-person. That doesn't mean that court is adjourned, however, because the **FREE** program will be provided **VIRTUALLY**, allowing teachers to administer the First Impressions Civics Education Program in their classrooms!
