You are advised to attend an orientation session before coming to court for your conservatorship case. You will learn important information about your rights, the needs of the proposed conservatee and your **DUTIES & RESPONSIBILITIES**.

You do not need an appointment. The sessions will last 1 hour and you will receive helpful handouts, see a video and have the opportunity to ask staff general questions on conservatorships.

Please note: Do **NOT** bring children with you to the orientation. We do not have child care providers or appropriate waiting facilities.

*****In order to be eligible for assistance from the Pro Per Clinic with your conservatorship paperwork, you must first attend an orientation and have proof of attendance.***
